Quick and helpful as always
Quick and appropriate treatment
Like the self-service check-in. Prompt appointment and happy with doctor.
Willington Surgery and the doctors there are awesome.
After a dog bite whilst being covid +ive, I needed a tetanus and prophylactic antibiotic cover. Dr Wright and the lovely nurse who administered my injection, came to see me in the car at the surgery, so I didn't have to go in the surgery. A+ thanks
Lovely doctor, made me feel really at ease.
Really efficient online consulting system Spoke to registrar and GP who were both kind and helpful
Care and doctor were fantastic as was the receptionist. I did have to call three times to get an appointment though, several weeks after having to cancel due to covid infection
Appt was on time, the procedure was conducted in a professional manner within a courteous & pleasant attitude.
Because the treatment was as usual very good
No issues experienced. Friendly. Not significantly late.
Seen before time allocated. Felt very safe in surgery not many people, most wearing mask. Very friendly staff. Excellent!
I got all the answers I needed? the doctor was very thorough
Excellent practice nurse. Quick and efficient. Professional manner
I felt patronised and not listened to. I also have to wait 2 weeks for a simple blood test, the wait is going to cause my anxiety while I carry on experiencing symptoms.
Fantastic service managed to get me an appointment despite it being mid- morning
Not rushed very professional easy to chat with Dr.
I received an appointment that was both on time and very helpful. A request for the desk staff was dealt with efficiently and politely.
Quick and on time
Quick and efficient.
Simply first rate. Explained everything perfectly.
On time and a quick and efficient service.

I rang this morning for an appointment, and got in at 9.50. Doctor sorted different medication and gave me a number to ring for an X-ray. Rang and got an appointment for 6.30 tonight. Absolutely brilliant thanks.
Saw the doctor on time. Everything went like clock work
Very little time waiting and the nurse took care to explain what was going to happen
On time, polite friendly phlebotomist. Thanks Sharon.
Very professional, explained everything and injection was ok, thank you
Discussed allergy testing and was told to find out what it was and avoid. Lips and mouth swells up and she and a real pain in stomach and blotchy rash, threw up and all resolved. Will be in touch when she has anaphylaxis
Couldn't fault the interaction
Was seen on time and was treated in a professional, courteous and friendly manner.
The nurse gave me full information about my appointment and made me feel very relaxed

The service itself is very good but dialing in for an appointment at 8am is stressful and very time consuming
Appointment on time and nurse very pleasant

 Very helpful, caring and listened well. Same day appointment, and hadn't rung the surgery till lunchtime , which is really good! Minimal waiting time, I particularly like Dr.Wright, as she has a really pleasant manner. Examination and discussion around the nature of my concerns, offered. Receptionist was very helpful cheerful and kind sorted everything out I asked Pleasant receptionist and efficient service The nurse I saw was lovely. She was very accommodating when I said I was nervous and kept me talking the whole way through. Check in is automated and seating well-spaced. The phlebotomist who took my sample was very profficient and pleasant. Out 10 minutes before appointment nurse very good Excellent service. Very understanding receptionist and helpful staff. I rang at 9am concerning a worrying mole & was seen at 11.10am the same day. Always prompt service Polite and professional staff, excellent Doctors. I consider that I am polite to them then there response is the same. I work away in Somerset was trying to get back in time for my appointment but was held up in traffic sorry Amazing service! Same-day phone consultation from GP, who could not have been more helpful. Referral for x-ray sent immediately (already booked for Sun aml), face-to-face appt for Mon am, and advice on what to do over the weekend if needed. Every person at Willington (inc of course the GP) seemed to want to help and did so. On time, friendly and efficient. Everything was excellent
