	able to make me feel <u>relaxed.it</u> was my first solo visit on a
	walking stick she understood my fears thankyou

	all ways to cure myself.

The surgery in general, doctors or reception make you feel they
have time for you and know you are vulnerable at that time.

	Brilliant service as usual. I feel very fortunate to be a patient at

	the outcome was the same as just filling the form out.
	Jo was thorough and efficient during my asthma review. She
	explained things carefully and took time to listen and interpret
	my answers. She gave me good advice to continue to manage my
	asthma well. Thank you!
	Follow up to letter from hospital without a need for me to
	prompt surgery.
	I was able to get through to you without too much difficulty and
	get an appointment. Dr Macever was helpful and thorough, she

injection great experience all round well done to everyone
Please send me the exercises I?ve agreed with the physio. I?ve
even called up and still not received this.
I forgot appointment
Joanne was very understanding.
The asthma nurse was excellent. I would like to make a
suggestion- when booking an appointment on line for a
telephone appointment the confirmation text SHOULD say it's
on the telephone, I not the only person booked an appointment
and was told in.
I was 10 minutes late due to traffic, I wouldn't have been seen
anyway due to an emergency being in (fully understand that)
receptionist was patronising. It really is difficult to see a dr when
you work full time.
