Not well organised & very unprofessional . Nurse Room 14 apologised.
There was a little confusion over my blood test appointment but generally the service from the surgery is very good . The Reception staff are courteous and helpful and the care and advice from the professional team is appreciated. Thank you .

Unable to get blood from me. Can you confirm new date and time please.
Staff seemed disinterested
Difficulty in using new specimen bottle.
Practice management and reception were good but consult with GP felt rushed and, because notes from another NHS trust weren't available, a part of my history that felt very relevant was disregarded. I feel I've just been turfed to Physio.
Dr did not even look at my daughter and seemed inconvenienced we were there
The Doctor was lovely, I did have to wait over a week for an appointment. The Doctors Surgery clearly can't cope with the amount of people it has to serve, so why continue to build more houses?! The countries gone mad!

Twenty mins after appointment time when I was called
Got the usual: you're too young (at 32) to be ill, no way you can have chest pains, refusal of an ECG, and my false medical records read out to me. The GP seemed a nice new chap & I'm not having a go at him.

I actually wanted to make a complaint regarding my appointment today. I've never known such a lack of compassion and empathy. It was a complete one way conversation on my part. With absolutely zero answers or feedback from the doctor?.
Couldn't hear each other on the phone.
Had to rebook
I didn't get a call.
Doctor very knowledgeable and friendly
The telephone appointment was on time and carried out professionally
Nice quick appointment
Very professional....
